MESSAGE

I am pleased to note that International Spinal Cord Society (ISCoS) and its 19 affiliated societies have decided to observe 5th September, 2017 as Spinal Cord Injury Day with a view to launch an international campaign to create awareness about spinal cord injury and its prevention.

The theme chosen for this year's Spinal Cord Injury Day 'Yes We Can' to highlight the ability of persons with spinal cord injury is very apt. I am also happy to learn that the Indian Spinal Injuries Centre is organizing awareness campaign on spinal cord injury throughout the country on this day.

I wish you all a great success in this endeavor.

(Jagat Prakash Nadda)
